

| HR  | CLASS                                    | COST             | AGE     | TEACHER                  | DESCRIPTION   | STUDENT MATERIALS   |
|-----|--|------------------|---------|--------------------------|---|---|
| 1st | Nursery-Babies                           | \$10 for all day | under 2 |                          |   | Please send your child with a well stocked and well labeled diaper bag.   |
| 1st | Twos and Threes                          | \$10 for all day | 2-3     | Laura Jackson            | Using Heart of Dakota's preschool curriculum, your child will spend first hour making crafts and playing and learning their letters and numbers. A new theme will be introduced each week. During second hour, children enjoy snack and free play time which may include some time in the gym or outdoors for physical education. Third hour is reserved for a movie/rest time.   | Please make sure any items sent with your child are well labeled. If napping third hour, your toddler will need to bring a blanket or nap mat of some kind. |
| 1st | Curious Sprouts                          | \$15             | 4-5     | Amber Glusica            | Through the pages of Gail Gibbons' books, our Curious Sprouts will explore nature, science, and the world around them. Each week includes a new story, fine motor practice, number sense, and playful learning through crafts, experiments, and outdoor discovery.  |   |
| 1st | Dance to Glorify Mini                    | \$40.00          | 4-7     | Serena Lero              | "Let them praise his name with dancing." Psalm 149:3<br>No previous dance experience needed. We will learn a choreographed dance to be performed on Parent Night. Please wear comfortable clothing to class and be ready to dance!<br><b>*This is a performance class. Regular attendance and participation in Parent Night is required. If you or your child are unable to commit in this way we ask that you choose another class.</b>  | Students need to wear comfortable clothing to class, please. The class cost covers dresses for the performance.   |
| 1st | Cut and Create: Bugs and other creatures | \$10.00          | 5-6     | Marian Cummins           | Using "Cut and Create" patterns, students will sharpen their fine motor skills using scissors and craft paper to make unique projects. We will be learning the skill of cutting different shapes and creating insects, other creatures and holidays concepts. We will also learn facts about what we have created.  |   |
| 1st | Wind and Waves                           | \$8.00           | 6-8     | Katie Tuck               | Learn about wild weather and the dark water of the oceans and what lies beneath, through crafts and experiments.  |   |
| 1st | No Place Like Home                       | \$10.00          | 7-9     | Amanda Shearman          | In this class we will be learning the geography of our great nation and the continent we live on. We will be going over the states and their unique characteristics as well as the North American continent.  |   |
| 1st | Math Games                               | \$5.00           | 8-10    | Jana Powell              | Get ready for a fun, fast-paced class where math comes to life through games! Students will build confidence and sharpen their math skills while playing a variety of engaging card and board games. Each week, students will rotate through game stations, playing favorites like Qwixx, Sushi Go!, Uno (with math twists!), Boom goes the Dynamite, 3 up 3 down, Yahtzee, card games and more. These games help reinforce addition, subtraction, multiplication, number sense, logic, and strategic thinking—all in a way that feels like play, not work. Students will also learn to think critically, make decisions, and practice good sportsmanship in a relaxed, encouraging environment. No advanced math required—just a willingness to play, learn, and have fun! |   |
| 1st | Outdoor Games                            | \$10.00          | 8-10    | Jill Acheson             | This class will focus on glorifying God through numerous team building exercises. Students will work together in large group, small group, and one-on-one physically challenging activities and games. Throughout the duration of this course, most activities will be conducted outside, weather permitting.   | Please make sure your child wears shoes and clothing appropriate for outdoor play and please send them with a water bottle.                                 |
| 1st | Embroidery and Cross stitch              | \$20.00          | 10-12   | Jodan Boren/Becky Easley | In this class, students will learn the art of cross stitch. This class will teach patience, as well as other aspects of hand stitching that can be carried over in to embroidery as well as simple mending of clothes. We will practice this skill using a variety of colored thread and needle to create a beautiful picture. <b>This class requires approx 2-3 hours of work per week outside of classroom instruction.</b>   |   |

| HR  | CLASS                     | COST    | AGE   | TEACHER         | DESCRIPTION   | STUDENT MATERIALS |
|-----|---------------------------|---------|-------|-----------------|---|-------------------|
| 1st | Theater Quest             | \$15.00 | 10-12 | Kaci Stuart     | <p>Welcome to Theater Quest, an adventurous acting class where students explore the world of theater through imagination, teamwork, and creativity! Each week, young performers will dive into acting games and storytelling activities that help them grow in confidence and stage skills.</p> <p>Throughout the semester, students will also work together on a final play for parent night, learning how to bring a story to life from the first rehearsal to the final bow. This class is a playful blend of theater arts and imaginative fun—perfect for kids who love acting, pretending, creating, or just trying something new.</p> <p><b><i>*This is a performance class. Regular attendance and participation in Parent Night is required. If you or your child are unable to commit in this way we ask that you choose another class.</i></b></p>  |                   |
| 1st | Foundation Wordview       | \$10.00 | 11-14 | Ashlea Ranca    | <p>The Foundation Careful Thinking Curriculum equips kids with the tools they need to evaluate whether ideas are true or false. It lays the groundwork for robust apologetic reasoning and critical thinking in every area of life. As children begin to develop these skills, they quickly start recognizing false ideas in the world around them—and are better prepared to stand firm in the truth.</p>  |                   |
| 1st | Lawn Games                | \$20.00 | 11-14 | Erin Haynes     | <p>This is the class for kids who enjoy playing games AND being outside. Each week we will learn the official rules of a new lawn game, such as corn hole or badminton, and enjoy playing it together. A good attitude and willingness to laugh is required and a little bit of competitive spirit won't hurt, either. This may be your best shot at a career in professional "sports," and if nothing else you will learn how to turn any outdoor gathering into a good time.</p>  |                   |
| 1st | Science: In the Beginning | \$20.00 | 11-14 | Rebekah Claborn | <p>Learning scientific concepts themed around the days of creation, via hands on activities</p>   |                   |
| 1st | Spanish 2                 | \$8.00  | 11-14 | Mitch Blackford | <p>This Spanish 2 class is a fun, interactive continuation of beginning Spanish, while also welcoming new students who want to jump in and start building real communication skills. Students will learn practical daily phrases, expand vocabulary, and strengthen foundational grammar through engaging games, repetition, and conversation practice. Each class is designed to build comfort with speaking and understanding Spanish in real-life situations, helping students move beyond memorization into confident use of the language in a supportive, low-pressure environment. <b><i>Students should spend 10 minutes a day outside of class practicing.</i></b></p>  |                   |
| 1st | Skip the Cubicle          | \$20.00 | 14+   | Allison Bailey  | <p>This class introduces students to the world of skilled trades through real-life exposure and weekly guest speakers who are actively working in their fields. Students will begin by identifying their strengths, work preferences and potential career fits through a personality and work-style assessment. From there, each week will feature a different trade professional who will share what their job is really like, how they got started and what it takes to succeed. Trades explored may include electrical, plumbing, HVAC, welding, automotive, construction, cosmetology, massage therapy and trade-based business ownership. Students will actively engage by asking questions, evaluating each trade and tracking their personal interest throughout the course. In the final week, students will create a simple, real-world resume and learn practical next steps toward a trade, apprenticeship or future career path.</p> <p>This class is ideal for students who are curious about real-world careers or want to explore options beyond the traditional college path. The trades we explore will not require a 4-year degree.</p> | pen or pencil     |

| HR  | CLASS                   | COST             | AGE     | TEACHER           | DESCRIPTION   | STUDENT MATERIALS   |
|-----|-------------------------|------------------|---------|-------------------|---|---|
| 1st | Lights, Camera, Genre   | \$10.00          | 14+     | Dawn Reitz        | This class explores how cinema connects to major literary genres such as dystopian, fantasy, mystery, and historical fiction. Each week, students will watch a G or PG-rated film at home and come to class prepared to analyze how the story reflects key elements of its genre, including theme, plot structure, and character archetypes. Class time will focus on discussion, group activities, and deeper comparisons between film and literature, helping students strengthen critical thinking and storytelling skills. Because all films are viewed outside of class, families are responsible for accessing the movies through their preferred services, such as streaming platforms, rentals, or physical copies. <b><i>This class requires approx 2-3 hours per week of work outside of classroom instruction.</i></b> | pen or pencil   |
| 1st | Lightraiders Adventures | \$20.00          | 14+     | Joy Throneberry   | Lightraiders encases a discipleship curriculum in an episodic fantasy Christian game. It functions much like a role-playing game. Play together in one-hour game sessions, each with a Bible-study wrap-up. Think of a choose-your-adventure game in which your players create characters that grow in rank, ability, and wisdom. We divided the system into "semesters" of twenty-four episodes each to serve as an engaging Bible curriculum for youth groups, Christian schools, and homeschool groups and families.   | pencil  |
| 1st | Chemistry Lab           | \$30.00          | 15+     | Julie Cates       | Build essential chemistry skills through hands-on High School level experiments and collaborative practice. Students will use techniques like titration, reaction analysis, and formal scientific reporting while emphasizing safety, precision, and data collection.   |   |
| 2nd | Nursery-Babies          | \$10 for all day | under 2 |                   |   | Please send your child with a well stocked and well labeled diaper bag.   |
| 2nd | Twos and Threes         | \$10 for all day | 2-3     | Laura Jackson     | Using Heart of Dakota's preschool curriculum, your child will spend first hour making crafts and playing and learning their letters and numbers. A new theme will be introduced each week. During second hour, children enjoy snack and free play time which may include some time in the gym or outdoors for physical education. Third hour is reserved for a movie/rest time.   | Please make sure any items sent with your child are well labeled. If napping third hour, your toddler will need to bring a blanket or nap mat of some kind. |
| 2nd | Fingerpainting          | \$7.00           | 4-5     | Katie Tuck        | Introduction to art in Finger Painting, designed to spark creativity and joy as children strengthen hand and finger muscles and build the fine motor skills necessary for writing.  | big old shirt or art apron  |
| 2nd | Bible and Crafts        | \$15.00          | 5-6     | Kaci Stuart       | Children ages 4–6 will enjoy hearing bible stories, singing songs, memorizing bible verses and creating simple crafts and coloring projects that help bring each lesson to life. This class is designed to help little ones grow in their love for God through joyful activities.   |   |
| 2nd | All the Trees and Bees  | \$10.00          | 6-8     | Amanda Shearman   | In this class we will be learning about different plant life and the pollinators of our amazing world! Along with learning about different plant life and their pollinators but their environments.   |   |
| 2nd | Middle Ages             | \$15.00          | 7-9     | Amber Glusica     | Step into the fascinating world of medieval times! Through rich stories, living books, mapwork, art, games, and creative hands-on activities, students will explore the people, places, and traditions of the Middle Ages in an engaging and memorable way. This class nurtures curiosity, imagination, and a love of history through meaningful experiences and beautiful literature.  |   |
| 2nd | Space Science           | \$15.00          | 8-10    | Jenny Kirkpatrick | Journey through the Milky Way and gain a greater appreciation for the majesty of God's creations! Discover the wonders of our universe and the planets of our solar system, how astronomy has influenced our world, and much more.  | pencil, glue stick, and scissors  |

|-----|------------------------|---------|-------|----------------------------|---|--|
| 2nd | Dance to Glorify Jr.   | \$40.00 | 8-11  | Serena Lero                | "Let them praise his name with dancing." Psalm 149:3<br>No previous dance experience needed. We will learn a choreographed dance to be performed on Parent Night. Please wear comfortable clothing to class and be ready to dance!<br><b>*This is a performance class. Regular attendance and participation in Parent Night is required. If you or your child are unable to commit in this way we ask that you choose another class.</b>  | Students need to wear comfortable clothing to class, please. The class cost covers dresses for the performance. Because we will be active and working closely together, each student should bring and use a personal deodorant in class. |
| 2nd | Big Life Journal       | \$10.00 | 10-12 | Becky Easley               | Learning to empower children to face challenges with confidence, embrace mistakes, and know they can learn anything. Each lesson will have bible verses to bolster that lesson.   |  |
| 2nd | Baseball History       | \$5.00  | 10-12 | Ethan Stuckey/Maranda      | Step up to the plate and explore the exciting story of America's pastime! Students will learn about legendary players, famous teams, memorable moments, and the evolution of the game. This fun and interactive class will include stories, trivia, videos and activities designed for young baseball fans and curious learners alike.  |  |
| 2nd | Middle School PE       | \$10.00 | 11-14 | Colton Claborn             | Our bodies are one of God's greatest gifts—so how then can we keep it healthy and have fun? This class will involve students encountering games and activities that will teach being physically active brings great benefit! Using God's Word as the foundation, we'll combine His wisdom around healthy living with team-oriented games.   | Please send your child with appropriate sports clothing and shoes that follow PCCHE dress code as well as plenty of water!   |
| 2nd | Plot Twists            | \$20.00 | 11-14 | Laura Welty                | "True! - Nervous- very very dreadfully nervous I had been and am..." Looking at this quote, what could have happened here? In just a few seconds your imagination can build a whole world, a family, a possible tragedy or triumph. This class will dive into the beautiful world of short stories. While a novel is like a massive amusement park you spend days exploring a short story is like a firework. It gets in, blows your mind, flips you upside down, and gets out before you even know what hit you. Some of these classic stories we will be reading include: "The Most Dangerous Game", "The Gift of the Magi", "The Tell-Tale Heart", "The Necklace" and more!    |  |
| 2nd | Play-Doh Economics     | \$15.00 | 11-14 | Dana Yelverton             | This middle school economics class introduces students to the basic ideas that shape everyday life. Students will explore how people make choices about money, goods, services, and other limited resources—and how those choices affect individuals, communities, and society. The class is hands-on and activity-based. Through simulations, discussion, and modeling with play dough, students will explore economic concepts in a concrete way and discover how economics connects to real-life decisions they make as consumers, producers, and citizens.  |  |
| 2nd | Fashion Fundamentals   | \$15.00 | 11-14 | Amy Ferguson/Charis Miller | Fashion FUN-damentals is a fun fashion class that guides young girls through fashion basics like dressing for the occasion/season, color theory, and accessorizing all while exploring personal style, modest fashion, and trends. Students will take part in creative fashion projects through styling challenges while building confidence, friendships, and learning that true beauty is rooted in character and identity in Christ.   |  |
| 2nd | Pitfalls of Propoganda | \$10.00 | 14+   | Jordan Boren               | Step into the world of Panem and uncover how propaganda shapes truth, controlling societies, and influences the way people think. In this class, students will analyze excerpts from all of the Hunger Games books as well as the two prequels in order to identify real-world propaganda techniques, including fear tactics, media manipulation, and the distortion of truth. This will also provide opportunities to look through a Biblical lens of truth as well. Owning the books is not a requirement but can be helpful. Please at least watch the movies if possible if you are not familiar with the stories <b>Some outside reading will be required in this class.</b> |  |

| HR  | CLASS                 | COST             | AGE     | TEACHER              | DESCRIPTION   | STUDENT MATERIALS   |
|-----|-----------------------|------------------|---------|----------------------|---|---|
| 2nd | Cashflow              | \$25.00          | 14+     | Daniel Ferguson/Coen | "Cashflow" is an educational board game developed by <i>Rich Dad, Poor Dad</i> author Robert Kiyosaki. From rental properties to apartment complexes, students will practice evaluating real estate deals, using leverage, and calculating ROI—all while trying to dodge the dreaded Doodads that threaten to drain their cash. Students will discover how to build passive income and stop working for money. CASHFLOW doesn't just simulate investing—it builds confidence, provides strategy, and gives players real-world skills. Each play-through is a new journey—one that reveals your habits, sharpens your instincts, and transforms how you view money. <b>Students are encouraged to read or listen to "Rich Dad, Poor Dad" to enhance their learning experience but this is not required.</b>  |   |
| 2nd | Philosophy of Tolkien | \$10.00          | 14+     | Erin Haynes          | While nothing can equal the adventure in reading Tolkien's masterwork, <i>The Lord of the Rings</i> , the journey into the underlying philosophy of Tolkien, or his "world-view," can be an exhilarating secondary adventure. Students will go on a voyage of discovery into the philosophical bones of Middle Earth and engage in group discussion with many of the great questions of introductory philosophy. This class is best for students who already have a working understanding of and familiarity with Tolkien's <i>The Lord of the Rings</i> , either through the books or the movies. Students will need their own copy of the trilogy to read occasionally assigned passages and may also like a copy of Peter Kreeft's <i>The Philosophy of Tolkien</i> , though it is not required. <b>Some outside reading will be required in this class.</b> | The Lord of the Rings-trilogy of books  |
| 2nd | Chemistry Lab         | \$30.00          | 15+     | Julie Cates          | Build essential chemistry skills through hands-on High School level experiments and collaborative practice. Students will use techniques like titration, reaction analysis, and formal scientific reporting while emphasizing safety, precision, and data collection.   |   |
| 3rd | Nursery-Babies        | \$10 for all day | under 2 | Patsy Meyers         |   | Please send your child with a well stocked and well labeled diaper bag.   |
| 3rd | Twos and Threes       | \$10 for all day | 2-3     | Volunteers           | Toddlers will be napping this hour or watching a movie.   | Please make sure any items sent with your child are well labeled. If napping third hour, your toddler will need to bring a blanket or nap mat of some kind. |
| 3rd | Letter People         | \$20.00          | 4-5     | Jessica Deptuch      | The Letter People is a wonderful curriculum to help get small children excited about reading. Each week we will focus on a specific Letter Person and their letter and sound. Our activity, craft, song, and snack will all be centered on that week's letter. For example, Week 1 will be Mr. M and his Munching Mouth. We will glue Macaroni on Mr. M, and we will eat Mini-Muffins. <b>Students will be participating on stage at Parent Night representing a specific letter.</b>   |   |
| 3rd | Your Amazing Body     | \$15.00          | 5-6     | Amber Glusica        | Discover how wonderfully we are made through story, art, music, and hands-on fun! In this Charlotte Mason inspired class, children explore the human body, its parts, senses, and movements through living books, creative activities, songs, and simple math connections in counting and patterns. Each week nurtures curiosity, gratitude, and wonder for God's amazing design.   |   |
| 3rd | Draw Write Now        | \$8.00           | 6-8     | Jordan Williamson    | In this engaging class, students will explore farm life through art and writing using the Draw Write Now series. Each lesson includes step-by-step drawing instruction paired with copywork or short writing prompts that reinforce handwriting, sentence structure, and creative thinking.   |   |

| HR  | CLASS                   | COST    | AGE   | TEACHER                    | DESCRIPTION   | STUDENT MATERIALS  |
|-----|-------------------------|---------|-------|----------------------------|---|--|
| 3rd | Boys in Battle          | \$15.00 | 7-9   | Jordan Boren               | Travel back in time with Jack and Annie to the Civil War. In this engaging class, students will explore what life was like during the Civil War through story, discussion, and hands on learning. Learners will discover key ideas about the North and South, meet important historical figures, and begin to understand how this time shaped our country - all in an age appropriate and thoughtful way.   |  |
| 3rd | Weather and Water       | \$10.00 | 8-10  | Katie Tuck                 | From thrilling storms and calming rains to heat waves and cold snaps, explore all the ways God keeps things growing and changing on our Earth in this engaging science unit. Create a Tornado in a Bottle, solve a Misty Mystery, locate clouds with a Cloud Viewer, and conduct many other exciting weather-related experiments throughout the semester.   | scissors, glue, pencil   |
| 3rd | U.S. Presidents         | \$20.00 | 8-10  | Becky Easley               | Learn about each US president and when they served. We will be looking at fun bits of information kids may never have known. Who was the 24 President? Who have 15 Children? Which President was the first to receive votes from women? Let's find out!   |  |
| 3rd | Deal Me In: Card Games  | \$5.00  | 10-12 | Mendy Holaway              | From the flip of War to the frantic fun of Taco Cat Goat Cheese Pizza, this class is all about cards! Students will learn and play a variety of classic and modern card games including Solitaire, Uno, Five Crowns , Dutch Blitz and more, while developing strategy, quick thinking skills, and sportsmanship! Whether you're a seasoned player or a beginner, there is always a new game to discover and win!  |  |
| 3rd | Vocabulary Quest        | \$10.00 | 10-12 | Kristy Huggins             | Kids will enjoy a fun hour learning new words to increase the diversity of their vernacular. Class will consist of a review of words we have already been learning, a list of new words for the week, and a fun game at the end of class! Hopefully, your child will develop a new love for the English language and have a fun time challenging their vocabulary.  |  |
| 3rd | The Art of Architecture | \$20.00 | 11-14 | Nicole Rickey/Heather Todd | Students will explore the exciting foundations of architecture and engineering using the powerful digital art app Procreate. Students will learn how architects and designers bring ideas to life. From rough concept sketches to polished building designs. We will cover topics such as perspective drawing, floor plans, exterior and interior design, landscape elements, and creative problem-solving. Students will also gain experience using layers, brushes, symmetry tools, lighting, texture, and rendering techniques inside Procreate to create professional-looking digital architectural artwork. This class is designed to build creativity, critical thinking, and confidence while giving students practical digital design skills they can continue using long after the semester ends. No previous art or architecture experience is required...just a willingness to learn, create, and think like a designer! | Ipad with procreate downloaded and any brand of apple pencil   |
| 3rd | Dance to Glorify        | \$40.00 | 12+   | Serena Lero                | "Let them praise his name with dancing." Psalm 149:3 No previous dance experience needed. We will learn a choreographed dance to be performed on Parent Night. Please wear comfortable clothing to class and be ready to dance!<br><b><i>*This is a performance class. Regular attendance and participation in Parent Night is required. If you or your child are unable to commit in this way we ask that you choose another class.</i></b>  | Students need to wear comfortable clothing to class, please. The class cost covers dresses for the performance. Because we will be active and working closely together, each student should bring and use a personal deodorant in class. |
| 3rd | Bill of Rights          | \$20.00 | 11-14 | Dawn Reitz                 | This course is an interactive, discussion-based study of the Bill of Rights, designed to help students understand not just what their rights are, but how they apply in everyday life. Students will explore each of the first ten amendments, along with the broader principles of freedom, responsibility, fairness, and limited government. Through real-life scenarios, group discussions, role-play activities, and simple simulations, students will learn to think critically about topics such as freedom of speech, privacy, fair trials, and the balance between rights and safety.   | pen/pencil   |

| HR  | CLASS                     | COST    | AGE   | TEACHER           | DESCRIPTION  | STUDENT MATERIALS   |
|-----|---------------------------|---------|-------|-------------------|--|---|
| 3rd | Sweet Treats with a Twist | \$45.00 | 11-14 | Allison Bailey    | <p>Students will learn how to make a variety of sweet treats, including cookies, muffins, frozen desserts and more. Each week focuses on simple recipes while teaching foundational baking skills such as measuring, mixing and understanding how ingredients work together and why.</p> <p>Students will also explore how small ingredient choices can impact taste, texture, and overall quality. This class is not about eliminating treats, but about building awareness and confidence in the kitchen. Recipes will be gluten-free and dairy-free, using familiar ingredients with simple, practical adjustments. We will also make some healthy swaps!</p> <p>By the end of the class, students will be able to follow recipes, make basic desserts independently and feel more confident preparing food at home.</p>  |   |
| 3rd | Teen PE                   | \$10.00 | 14+   | Karissa Wimberley | <p>Join us as we play various team and individual sports including basketball, four square, pickleball, kickball, gaga ball, dodgeball, and school yard games. Please be aware that some weeks children will be transported during class time to Love Street Park to use the city's facilities.</p>  | <p>Please send your teen with appropriate sports clothing and shoes that follow PCCHE dress code as well as plenty of water! From time to time, your student might be requested to bring already owned sporting equipment, if available, but no purchases will need to be made.</p> |
| 3rd | Strategic Showdown        | \$0.00  | 14+   | Jana Powell       | <p>Ready to outthink your friends? Strategic Showdown is a laid-back, high-energy class where students gather each week to play a variety of strategy-based board and card games. With busy schedules, teens don't always get the chance to just sit down, play, and connect—this class creates that space. Whether it's making clever moves, forming a plan, or trying to outsmart the competition, students will naturally build critical thinking and strategy skills along the way. No long lectures—just learning by playing, trying, winning, losing, and laughing together. Each week brings new games and new challenges, from quick rounds to deeper strategy battles. Students will sharpen their thinking, practice good sportsmanship, and enjoy real, face-to-face interaction in a fun and relaxed environment.</p> <p>No experience needed—just come ready to play.</p> <p>Games may include- Catan, Ticket to Ride, Azul, Hues and Clues, Code Names, Wingspan, Risk, Clue, Flamecraft, Canvas, and more</p> |   |
| 3rd | Intro to Public Speaking  | \$8.00  | 14+   | Mitch Blackford   | <p>This interactive public speaking class is designed to help students build confidence, think on their feet, and communicate clearly in front of a group. Students will learn foundational speaking skills including speech structure, eye contact, vocal delivery, storytelling, impromptu speaking, and audience engagement in a fun, supportive environment. Through games, mini speeches, group activities, and real speaking practice, students will grow in confidence while developing skills that prepare them for everyday communication, leadership opportunities, and future speaking competitions. No debate experience required. <b><i>This class requires 1-2 hours of weekly work outside of the classroom.</i></b></p>  |   |
